THE BIG ORCHARD · PRODUCT MANUAL

Traditional Plan Chest

Wooden (MFC) plan chest on a fully welded steel plinth, built from three-drawer sections with 68 mm deep drawers. A0 or A1, 6, 9 or 12 drawers, in beech, grey, maple or light oak. This manual covers every size and finish.

Covers models: TP01B, TP01G, TP01M, TP01O, TP02B, TP02G, TP02M, TP02O, TP03B, TP03G, TP03M, TP03O, TP04B, TP04G, TP04M, TP04O, TP05B, TP05G, TP05M, TP05O, TP06B, TP06G, TP06M, TP06O

ADJUSTABILITY

Drawers

The drawers run on easy-glide runners which stay smooth even when heavily laden. Traditional drawers have no end stop and can be fully removed from the front; each drawer is numbered on its underside, so refit them in number order.

> For adjusting a runner, please contact The Big Orchard on +44 (0)1924 291333 or sales@thebigorchard.com.

Adding drawers

The chest is built from three-drawer modular sections. Extra sections can be added later, and Traditional three-drawer sections can be combined with six-drawer Heath sections.

Locks and castors (options)

Locks can be fitted to any of the drawers, keyed individually or all to a single master key. Lockable castors can be fitted to make the chest easier to move.

> For adding locks or castors after delivery, please contact The Big Orchard on +44 (0)1924 291333 or sales@thebigorchard.com.

Levelling

> For levelling the plan chest on an uneven floor, please contact The Big Orchard on +44 (0)1924 291333 or sales@thebigorchard.com.

CARE AND CLEANING

Clean with a damp cloth or mild surface cleaner. The drawer runners do not need any special treatment and should keep working smoothly for many years; just keep them clean and clear of debris.

Maintenance services: we can provide a tailored annual service plan. See www.thebigorchard.com/service-plan/ or call +44 (0)1924 291333.

PARTS OVERVIEW

- Wooden (MFC) carcass and drawers, in three-drawer sections
- Silver metal bow handles, two per drawer
- 68 mm deep drawers on easy-glide runners
- Fully welded 50 mm steel plinth (black)

ASSEMBLY AND SETUP

Delivered fully assembled on a pallet, with a pack of joining screws. The sections split apart for easier installation:

1. Remove the drawers from the front. Each one has a number on its underside.
2. Each three-drawer section is held together with several screws (removed for transport; you will find them attached to one of the drawers).
3. Lift the top section off the section beneath, noting the locating pins that keep the sections aligned. This is a two-person operation.
4. Re-stack the sections in the intended location and replace the screws to secure them together.
5. Replace the drawers in number order.

SAFETY

- Do not move the plan chest when it is fully loaded (unless it is fitted with castors), as this could compromise the structure.
- Make sure the contents of the drawers are evenly distributed.
- Do not pull the drawers out further than necessary: past halfway, a drawer may tilt forward slightly.
- Traditional drawers have no stop to prevent them being removed completely. Anyone using the plan chest needs to be aware of this.
- Traditional plan chests weigh around 81–214 kg depending on size.

> For any safety question about your product, please contact The Big Orchard on +44 (0)1924 291333 or sales@thebigorchard.com.

SIZES AND SPECIFICATIONS

Code	Model	Paper	Drawers	Finish	Size (W x D x H)	Internal drawer	Weight
TP01B	Traditional A0 6 Drawer Plan Chest BEECH	A0	6	Beech	1300W x 965D x 710H	1219W x 875D	117Kg

WARRANTY

Lifetime warranty, from the date of delivery. The warranty is limited to the original purchaser and is non-transferable. It covers any manufacturing defect which shows as a functional or cosmetic issue within the warranty term. It does not cover accidental or malicious damage, or normal wear and tear. If something goes wrong due to materials or workmanship, we will arrange a free-of-charge like-for-like replacement or on-site repair (if suitable). Full terms: www.thebigorchard.com/warranty/.
