KEY FEATURES

- 7 Year Warranty
- Delivered fully assembled

PRODUCT DESCRIPTION

The Studio Drying Rack from The Big Orchard is a mobile, double-sided drying rack for art studios, print workshops, conservation labs, archives and schools. Ten lightweight, removable shelves strung with SaatiFil polyester mesh support wet prints, paper, maps and conservation work while air moves freely above and below every sheet.

A practical, gentle place to dry and hold work in progress, from fine art printmaking to paper conservation.

MADE IN THE UK

Specifications are subject to change. See the product page for current prices and options.
