KEY FEATURES

- 7 Year Warranty
- Delivered fully assembled

PRODUCT DESCRIPTION

With powerful illumination and a solid, reliable working surface, the A1 Priory BEAM provides all the functionality of an A1 BeamBox light box, but with the addition of an angle adjustable frame.

This desktop light box can be set at 13 different angles from horizontal up to 45 degrees, allowing you to find the perfect working angle.

The sturdy steel frame is finished in black which contrasts brilliantly against the rest of the light box. The stand closes and holds shut magnetically for storage or transport.
